DETAILED ACTION

Response to Amendment

Applicant's arguments filed 4/26/05 have been fully considered but they are not persuasive. The Amendment submitted by Applicant does not overcome the rejection made by Examiner in the last Office action and for the following action:

Claims 1, 13 and related claims are rejected under 35 U.S.C. 112, first paragraph, because the specification, while being enabling for the alkyl group is C1-C8 alkyl, does not reasonably provide enablement for the deletion of a ethyl group which is C2 alkyl. The specification does not enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and/or use the invention commensurate in scope with these claims.

The deletion of said ethyl group in the (b) component, an alkyl (meth)acrylate raise new issues that would require further consideration and search.

Claims 1-8, 10-11 and 13-26 and 29-32 are rejected under 35 U.S.C. 102(a) as anticipated by or, in the alternative, under 35 U.S.C. 103(a) as obvious over Merfeld. The rejection is maintained for the reasons as stated above and for the reasons as stated in the last Office action.

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP

§ 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
